

Assemblyman V. Thomas Briefs New State Laws of Particular Interest to Local Residents

Resume of several bills adopted at the last session of the State Legislature, which are of particular interest to people in this, the 66th Assembly District, have been prepared by Assemblyman Vincent Thomas of San Pedro. This newspaper is glad to publish his report in the interest of public welfare. The legislation affecting residents in this area follows:

Senate Bill 1. Repeals and adds Div. 7, Mil. & Vet. C., the California War Powers Act:

Defines state of extreme emergency as the duly proclaimed existence of conditions of extreme peril to safety of persons or property caused by enemy attack, or when, upon advice of commanding general, such attack is imminent, or an air raid a l a r m, sabotage or other cause such as fire, flood, storm, epidemic or earthquake, which conditions because of their magnitude are or are likely to be beyond control of protective facilities of any single city, county or county or county and require the combined forces of a protective region or regions to combat.

Creates California State War Council to consist of governor, lieutenant governor, state directors of civilian defense, civilian protection and civilian war services, attorney general, two representatives of city governments, two representatives of county governments, two members of Senate, and two members of Assembly.

Creates offices of State Director of Civilian Defense, State Director of Civilian Protection, and State Director of Civilian War Services, the latter two to be assistants of the first, who is chief executive officer in carrying out the act. These officers are to be appointed by governor with advice and consent of War Council and are to hold office at pleasure of governor and receive salary fixed by him but not to exceed \$7500 per year.

Provides for civilian defense advisory committees to assist in specific fields of civilian defense activity under direction of State Director of Civilian Defense.

Authorizes cities, counties and counties, and counties to create or continue civilian defense agencies, war councils or local commanders.

Provides generally for direction and coordination of civilian protection and civilian war services. Authorizes establishment of protective regions and appointment of regional civilian protection officers. Provides for assistance and cooperation between local agencies and regional civilian protection officers and the development of mutual aid plans. Also provides for regional war service officers.

Gives governor the right to exercise all police powers of state during period of state extreme emergency and authorizes him to promulgate and enforce laws, regulations and orders for protection of life and property, agencies and cities, counties and counties, political subdivisions, and public districts to comply with emergency orders of governor or regional civilian protection officers. Provides for temporary suspension of officers or employees who fail to obey such orders and for designation of persons to take the place of such suspended officers or employees.

Authorizes governor to commandeer private property or personnel, and declares that state will pay the reasonable value

thereof. Provides claim procedure for that purpose.

Affords civilian defense volunteers immunity similar to that of regular officers and employees of public agencies while engaged in carrying out their duties.

Abolishes State Council of Defense and transfers unexpended balance of appropriation to Governor. Effective on 91st day after Jan. 30, 1943.

Senate Bill 152. re simplified returns:

Permits taxpayer with gross income under \$5000, and consisting wholly of compensation for services, interest, dividends or annuities, to file simplified return and pay tax according to a table set out in the act. Became effective Feb. 9.

Senate Bill 301. Adds Sec. 704, Civ. C., re ownership of United States bonds and obligations:

Declares that ownership of United States savings bonds and other bonds and obligations of the United States registered in names of two co-owners in the alternative, become sole property of surviving co-owner in case of death of other.

Declares that such bonds or obligations registered in the name of one person payable on death to named survivor become sole property of survivor on death of the registered owner.

Except in both instances situations where Federal law or regulations pursuant to Federal law provides otherwise. Declares section is not to mean that California law was otherwise prior to enactment of section. Became effective Feb. 10.

Assembly Bill 10. re delayed registration of births:

Provides alternative procedure for registration of birth where birth not required to be registered at time it occurs, where it was registered but not in conformity with law, or where record has been lost or destroyed.

Requires filing of application and affidavits with state or local registrar and mailing of duplicate application to district attorney of county where birth is alleged to have occurred.

Prescribes in detail what affidavits may be used. Prohibits use of affidavits of aliens ineligible for citizenship. Provides for review of application by State Registrar and if the application and supporting documents comply with the law he is to

granting of them would be helpful in increasing production and furthering war effort without increasing risk to health or safety of employees.

Provides that no permit shall abrogate any collective bargaining agreement for overtime rates of pay or working conditions or any overtime rates of pay prescribed pursuant to law by any State department or Federal agency.

Effective until 91st day after final adjournment of 1945 session or cessation of hostilities, whichever first occurs. Became effective Feb. 5.

In 1940 Chile's exports exceeded her imports in value by almost \$39,000,000.

Deadline for 'A' Tire Inspection Period Is Mar. 31

Motorists with the basic "A" gasoline rationing coupon book this week are warned that the deadline for their initial tire inspection falls on March 31. Residents of this area should not wait for the deadline "zero hours," but rather to have their tires serving their vehicles inspected as soon as possible.

Official inspection of tires is a key requisite under the gasoline rationing program, and must be complied with before rationing boards will issue fresh books of gallonage coupons. Subsequent inspections for motorists holding "A" books is once every six months. Motorists with "B" books must meet the requirement once in every four months, while "C" book holders must schedule periodic inspection once in every three months.

Coffee-Wise

In coffee, it's quality rather than quantity that counts. That's why the coffee-wise are making that one cup of coffee per day offer the very best there is in coffee... flavor, aroma, inspiration and sheer taste joy.

BUYING COFFEE—Be sure to get the right grind for your coffee maker... Regular Grind for percolator or for boiling... Drip Grind for drip and vacuum makers.

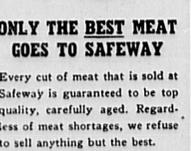

MEASURE ACCURATELY both the coffee and water, and use standard measures for uniform results. We recommend 1 1/2 to 2 level table-spoons of coffee for each standard measuring cup of water. (A standard measuring cup equals from 1 1/2 to 1 3/4 dinner cups.) For best results, make pot at least two-thirds full. A clean pot pays dividends in flavor.

Percolator Coffee—Use either hot or cold water. Start timing when the "perk" begins and "perk" slowly for 7 to 10 minutes.

Bolled Coffee—Add coffee to cold water in pot or sauce pan. Let it come to a rolling boil, remove from heat and steep a few minutes for the grounds to settle. Strain and serve.

Drip Coffee—Preheat pot. Pour boiling water into top compartment, and allow to drip slowly. The dripping time should take from 6 to 8 minutes to obtain the peak of flavor and aroma.

Vacuum Coffee—Have water in lower bowl boiling before fitting upper bowl in place. Begin timing when the water rises and comes in contact with the coffee. Control the heat so that the coffee and water are infused together from 5 to 7 minutes.
